CORINNE'S HAND

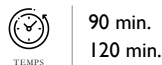

The treatments

More than a massage! Genuinely personalised holistic treatments that make you feel unique. With a long background in the Vedic sciences and experience as a globe-trotting skincare expert, Corinne's ultimate sense of touch will take you on a journey into the depths of your physiology and your whole being. Rooted in Ayurvedic medicine, her rituals merge with the world's ancestral medicines, dance, musical vibration and yoga to touch and balance all aspects of the senses, physiology and emotions.

We're proud to work with Corinne's enchanting creativity to offer a rare, holistic, personalised experience. A massage therapist who listens subtly to our guests' needs, she will guide you through her creative palette of rituals where nothing is left to chance...'

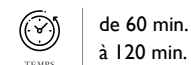

«Healing Stretch Massage» ritual

A fusion of Ayurvedic, Thai and Vietnamese treatments, this Indo-Asian journey gently and fluidly sets your body in motion. The hands surround you in a continuous flow, subtly moving your limbs and following the energy networks of the vital points. The body is gently stretched and passively moved into simple yoga poses to increase flexibility and release blocked energy from the organs. A variety of effleurage, pressure, pinching and tapping techniques add colour to the experience.

«Sublime Healing Touch» ritual

Light or deep hand choreography to suit your mood. This treatment envelops your body and mind in a soft bubble. A fusion of restorative, relaxing, invigorating, post-exercise and healing techniques, set to 5 musical rhythms to awaken all 5 senses: taste, touch, smell, sight and musical vibrations! A wonderful holistic experience, at times relaxing, at times invigorating, with a touch of sophrology. It has its roots in Ayurvedic medicine, travel to the 5 continents, dance and yoga.

Precious ritual

This subtle blend of Ayurveda and lithotherapy combines a manual massage to harmonise the body's energies responsible for tissue dysfunction, followed by a massage with hot semi-precious lithotherapy stones on the vital points (marmas), meridians and areas to be relieved. The stones provide softness and warmth, and their therapeutic properties multiply the benefits of manual massage.

Royal Serenity «Shirodhara» ritual

This 'royal' treatment begins with a 60-minute massage stimulating the vital points (marmas) on the face, scalp, arms, hands, legs and feet. Or your choice of one of the 3 rituals listed above. This is followed by 20 minutes of Shirodhara, the jewel in the crown of Ayurveda. The word comes from the Sanskrit words 'shiro' (head) and 'dhara' (flow). A slow, steady, gentle flow of warm oil over the forehead and third eye, the seat of intuition.
