

HOTEL DU CAP-EDEN-ROC
CAP D'ANTIBES

Corporate Social Responsibility

GARANTS D'UN AVENIR
SÛR ET RESPONSABLE

Global Compact

The Hôtel du Cap-Eden-Roc is a member of the United Nations Global Compact.

The Global Compact brings together global companies and organisations that believe in universally recognised principles to will build more sustainable societies.

Our commitments

Commitment 1

Ensure respect for human rights and optimise our working conditions

Commitment 3

Guarantee high-quality sustainable services and raise our stakeholders' awareness of sustainable development

Commitment 2

Control our consumption level and preserve our environment

Commitment 4

Participate in the social, cultural and economic development of the areas in which we operate

Social

Ensure respect for human rights and optimise our working conditions

The soul of the Hotel du Cap-Eden-Roc lies in the welcome and friendliness of our employees. These master-craftspeople work on creating paradise every day to ensure an exceptional emotional experience for you.

This is how we can guarantee you a level of service which continually excels.

Environment

Control our consumption level and
preserve our environment

Our estate is home to a huge variety of Mediterranean plants that are native to the local area. Guests interested in finding out more are invited to take a look at the information boards dotted around our gardens.

We also promote biodiversity, and have installed an insect hotel and beehives on the surrounding land, which supply us with delicious honey for your breakfast.

As global warming is a major issue for the mountains, the Hôtel du Cap-Eden-Roc is taking actions to limit its greenhouse gas emissions.

That is why charging terminals for electric vehicles are available for you in our car parks. Our electric vehicles are on-hand to fulfil all your transport needs.

To contribute to waste reduction, the Hôtel du Cap-Eden-Roc is committed to first reducing, then entirely removing plastic. This is why we now use bio-degradable straws.

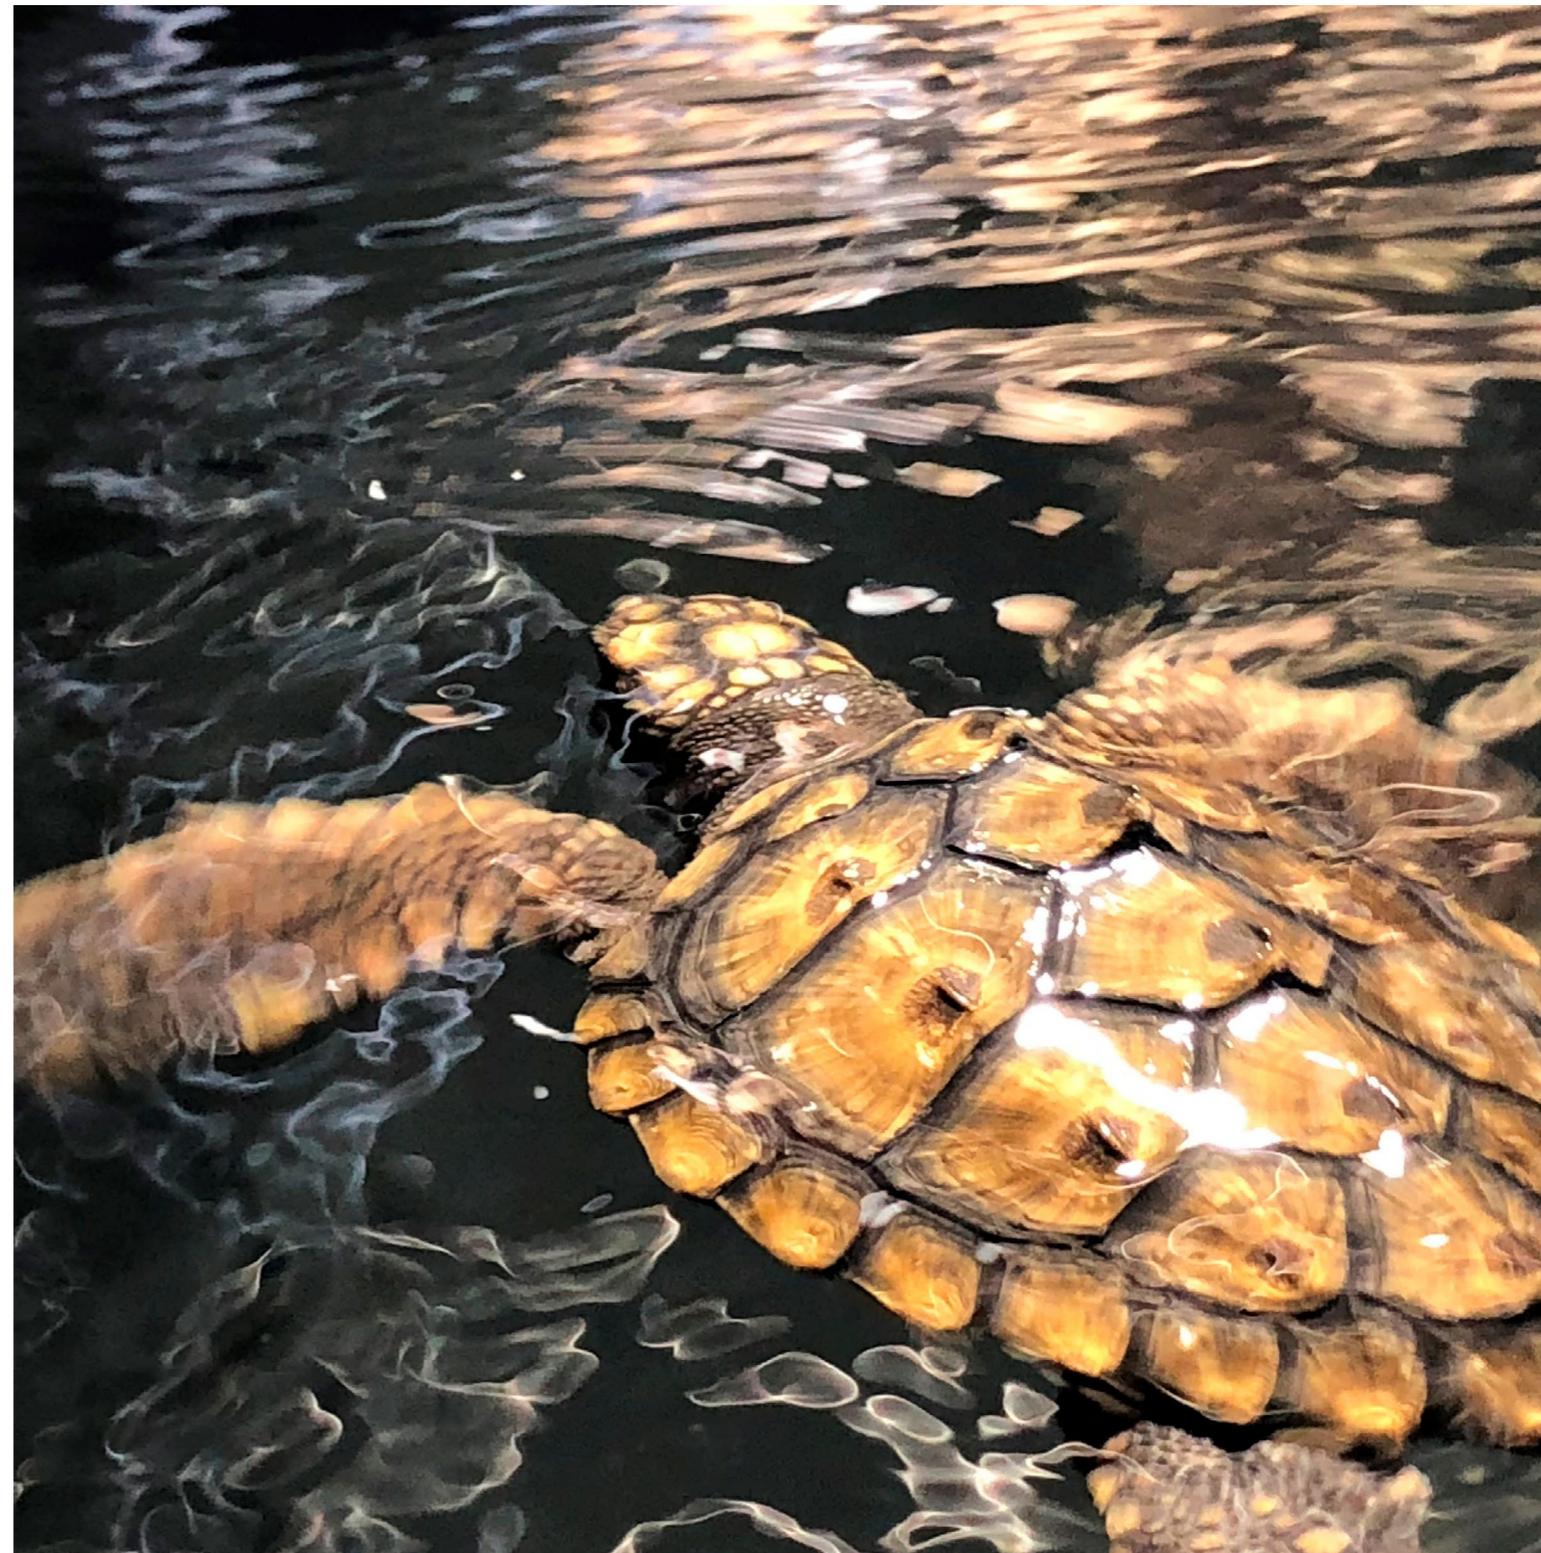

Society

Guarantee high-quality sustainable services and raise our stakeholders' awareness of sustainable development

Our role is to provide you with quality products, which respect both your health and that of the environment. We therefore chose Bamford's range of organic products, to care for you according to our values.

We would love you to join us in our efforts by taking home Eden, the turtle stuffed animal placed in your room in aid of Espace Mer et Littoral and Pour une Planète Bleue.

Participate in the social, cultural and economic development of the areas in which we operate

The locally-sourced produce provides unique flavours and contributes to our local product economy. And if fresh produce is your thing, prepare to sample fruit, vegetables and herbs all freshly picked from our kitchen garden.

You can contribute to local dynamics by making donations of fabrics using the Giving Bag, which can be found in your dressing room. These items will be presented to the French Red Cross and redistributed to those in need.
