

# THE LIBRARY BAR

Welcome to one of the capital's most celebrated cocktail and spirit destinations – distinguished by its outstanding mixology and venerable "liquid museum". We offer the warm and intimate atmosphere of a private club accompanied by a vibrant ambiance that makes it a popular choice to enjoy drinking and socialising.

The Lanesborough has long been known for its impressive Cognac collection, spanning over 300 years of history.

In 2018, Bar Manager Mickael Perron curated a new whisky collection to include single malts to appeal to every guest, from whisky novices to seasoned connoisseurs, ranging from classic Speyside single malts to collectible and extremely rare bottles.

This year, we are excited to introduce you to more beautifully crafted spirits and exciting flavours. If we can be of any further assistance, please speak to a member of the bar team.

Opening hours:

Monday – Saturday from 11am – 1am

Sunday & Bank holidays from 12pm – midnight

Enjoy live music Tuesday to Friday, with a resident pianist from 6.30pm to 9.30pm, followed by vibrant and harmonious soundst to take your through the rest of the night.

*Reservations are for hotel guests only, however please contact us prior to your arrival if you would like a particular request accommodated*

A minimum charge of £30 per non-resident guest applies from 9pm.

## THE LANESBOROUGH COGNAC PARADIS

The angels take a share of all spirits during the maturation in wooden barrels. On average, about 2% of the volume is lost in this way each year, and that's why aged spirits become rarest as the years pass by.

## SCOTTISH SINGLE MALT WHISKY

*For over 150 years, The Dalmore has set the standard in multi cask maturation. Master Distiller “The Nose” Richard Paterson searches the world for the finest casks to gracefully mature the precious new make spirit.*

*The multi stage maturation results in sumptuous whiskies of legendary finess.*

### **The Dalmore 40 Year Old (2018 Release)**

50ml

Indulgent, complex and soft, this whisky was initially matured in American white oak ex-bourbon casks, before being transferred into 30 years old Matusalem olorosso casks. This precious liquid was then blended with another spirit that started his life in ex bourbon casks, but that one was lay to rest in 1970’s Graham’s Port Colheita casks.

£1,650

ABV:  
42%

### **The Dalmore 35 Year Old**

Just 1,000 bottles will be released each year, and this inimitable aged icon was matured in bourbon, Matusalem Sherry and Colheita Port casks. Presented in a Baccarat crystal decanter bottle, the stag is produced by Royal Warrant-holding Scottish silversmiths Hamilton & Inches

£1,000

ABV:  
40%

### **The Dalmore 25 Year Old (2015 Release)**

A perfect example of the distillery's tradition of maturing in an extensive selection of casks. Initially aged in American white oak, it's then hand-divided into 25 year old Palomino Fino sherry butts & 1980s first-fill bourbon casks. The whiskies are then married in bourbon barrels before finally enjoying some time in Tawny Port pipes from Portugal. A remarkable complexity.

£220

ABV:  
42%

## SCOTTISH SINGLE MALT WHISKY

Many consumers are “blinded” by the arbitrary geography of Single Malt whiskies and believe that the region dictates the flavour profile.

We prefer to present our selection based on the flavour profiles of each whisky, knowing that most of the flavours and colours will come from the barrels that will be used during the maturation.

### DELICATE, FRESH FRUITS & HERBAL NOTES

Usually these whiskies will spend many years in barrels that once were used for the production of American Bourbon. The wood used to make these barrels is the American Oak - *Quercus alba*.

Typical flavours associated with this oak are vanilla, citrus & coconut.

These whiskies tend to be lighter in style.

## SCOTTISH SINGLE MALT WHISKY

### FULL BODIED, RIPE FRUITS & SPICES

Usually these whiskies have been aged in barrels that have been seasoned in Jerez, Spain, for the production of Oloroso Sherry wines, or sometimes they also contain a blend of aged whiskies in ex Bourbon barrels. The wood used in Spain for the barrels is usually the European Oak – *Quercus robur*, rich in tannin and once emptied of Sherry, the typical flavours associated are dried fruits, orange citrus and spices. These whiskies tend to be heavier in style.

## SCOTTISH SINGLE MALT WHISKY

### SMOKEY – PEPPERY – PEATY

Peat is earth that consists of compact accumulation of decomposed grasses, moss, trees, roots, dead animals and soil over thousand of years. Historically used as a source of fuel when dried, the peat burns during the drying process of barley, and the dense smoke is absorbed by the grains. This phenolic flavour remains throughout the entire whisky making process and the level of smokiness is determined by the time that the barley grain is exposed to the pungent peat smoke.
