

ABOUT EDEN ROCK

Eden Rock – St Barths is located on a rocky promontory surrounded by white sandy beaches, gin clear sea and amazing coral reefs full of colorful wild sea life. This pop-up celebrates the re-opening of Eden Rock this November, following an extensive two-year transformation post Hurricane Irma.

ABOUT INE

Since its creation, and especially since Hurricane Irma in September 2017, INE aims to aid the preservation of the local environment, cultural heritage and social endeavours, including island clean-ups, creating new habitats for marine life and bird species, plus the rehabilitation of touristic pathways and restructuring of coral reefs.
