Hugh Murphy, General Manager of The Lanesborough Club & Spa adds: *"We are thrilled to welcome Tata Harper to join us at The Lanesborough Club & Spa. We are especially excited as we are the first spa in the UK to offer these innovative treatments and products."*

Tata Harper has worked together with the team at The Lanesborough Club & Spa to create a menu of bespoke signature treatments, completely exclusive to the Club & Spa, that bring her products to life. Each treatment is perfected by Tata's signature techniques, designed to deliver targeted results using high-performance products. These are the only treatments of their kind available in the UK, with signatures including:

- **Grounding Yogic Facial** – 90 min / £250

This balancing facial elevates both the mind and body. It begins with a grounding singing bowl and aromatherapy treatment, before moving onto a targeted cleansing and masking ritual to address individual concerns on each area of the face. The skin is then soothed, balanced and deeply hydrated with unique yogic face massage techniques. Throughout the ritual, guests will enjoy nourishing scalp, feet and hand treatments to fully rejuvenate both skin and body

- **Sculpting & Define Facial** – 75 min / £195  
This lifting facial helps to achieve new levels of glowing, healthy-looking skin. A double cleanse and mask ritual moves into a targeted lifting facial massage to instantly give the skin a sculpted look. A facial cupping technique, paired with Tata Harper's most potent Supernatural formulas, tightens and rejuvenates the skin, helping fine lines, wrinkles and sagging to disappear so skin is left glowing and lifted. An aromatherapy treatment and relaxing massage on the scalp and hands perfectly complement this to elevate the experience
- **Illuminating Reset Facial** – 60 min / £195  
Tata Harper's Complexion Reset Peel brightens and revitalises tired, dull skin. The two-step, 100% natural Multi-Acid Peel harnesses the power of three types of hydroxy acids, to turn over dead skin cells and deliver a flawless, refined complexion without any of the harshness or downtime of traditional peels. A finishing hyaluronic acid mask then soothes and replenishes moisture, leaving skin bright and refreshed
- **Cellular Repair Facial** – 60 min / £175  
This comprehensive lifting massage tones and tightens tired skin. Beginning with a 360° cleansing ritual, the treatment focuses on a Japanese face massage technique that leaves skin brightened and firm. Cooling and toning therapy on the face is then performed with jade rollers to increase circulation and smooth fine lines, so skin is left fully rejuvenated
- **Awakening & Energizing Body Ritual** – 120 min / £250  
Rouse and rejuvenate tired mind and body with a deeply luxurious full body treatment. The treatment begins by calming the mind with an aromatherapy and singing bowl ritual, followed by a smoothing scrub and a honey and pomegranate body mask to buff and brighten the entire body. An energising massage with redefining body balm leaves skin awakened and glowing. *Available with Glow Facial or Scalp and Foot massage*

*The new Tata Harper Treatment Menu at The Lanesborough Club & Spa launches in October 2019. Spa treatment prices will range from £60 for a manicure to £565 for a full spa package*

#### **About Tata Harper**

Founded in 2010 by Tata and Henry Harper, Tata Harper Skincare was born because Tata couldn't find a solution to her own problem. Grounded in the philosophy that more matters, every single formula created at Tata Harper Skincare is a Complex Formula. Because more ingredients, equal more results. These formulas are hand crafted from the ground up at Tata's farm in Vermont by an in-house team of batchmasters and chemists. No outsourcing. No shortcuts. No synthetics. This hands-on craftsmanship guarantees the freshness, the purity of ingredients, and the transparency of process. Because nobody should ever have to compromise between health and results, natural and luxurious, or beauty and intelligence.

#### **About The Lanesborough Club & Spa**

The Lanesborough Club & Spa launched in March 2017, marking the next stage of the iconic Lanesborough Hotel's evolution following an acclaimed relaunch in July 2015. The Club & Spa is one of London's most exclusive private members fitness and health clubs, providing Belgravia with a luxury 'club for life' and offering a 360° approach to wellbeing for modern day Londoners living and working in the local area.
