RESPECT FOR HUMAN RIGHTS

The soul of L'Apogée Courchevel lies in the welcome and friendliness of our employees. These master-craftspeople work on creating paradise every day to ensure an exceptional emotional experience for you.

This is how we can guarantee you a level of service which continually excels.

RESPONSIBLE CONSUMPTION

To contribute to reducing waste, L'Apogée Courchevel has committed to gradually eliminate single-use plastics.

As global warming is a major issue for the mountains, L'Apogée Courchevel is taking actions to limit its greenhouse gas emissions.

That is why charging terminals for electric vehicles are available for you in our car parks.

ENVIRONMENTAL AWARENESS

Our role is to provide you with quality products, which respect both your health and that of the environment. We have chosen Bamford's range of organic products based on our values for your care.

You are politely informed that your sheets and bath towels will be changed every other day.

We would love you to join us in our efforts by taking home the ibex stuffed animal placed in your room in aid of Vanoise National Park.

SUSTAINABLE COMMUNITY ENGAGEMENT

The locally-sourced produce provides unique flavours and contributes to our local product economy. The majority of our cheese comes from the Savoie region.

You can also contribute by donating any clothing articles you do not wish to take home with you. Simply put them in our “Giving Bag” which can be found in your closet. We will donate the items to the local antenna of the French Red Cross.

The hotel supports the resort in its sustainable development approach.
