

JUMBY BAY ISLAND
ANTIGUA - WEST INDIES

WHAT'S HOT FROM JUMBY BAY ISLAND – REOPENING NOVEMBER 7, 2020

STAY... on a private island two miles off Antigua, ringed with coral reefs, that is exceptionally secluded, yet accessible with idyllic white sand beaches, winding bicycle paths and not a car in sight

Hailed as being the true Queen of Caribbean resorts, the ‘wonderful world of Jumby’ is set in one of the most beautiful untouched locations in the world; a private island of simple pleasures in the nation of Antigua & Barbuda, just two miles off mainland Antigua. [Jumby Bay Island](#) is a secluded, yet accessible private paradise ringed with coral reefs and reachable only by boat, with not a car in sight. The isle comprises three picture-perfect, white-powdered beaches, countless winding bicycle paths and lush trails to create a one-of-a-kind hideaway known, quite simply, as the finest resort in the Caribbean. After touching down in Antigua, guests are whisked away via a VIP fast-track transfer on a short and scenic cruise, making it one of the most desirable and exclusive undisturbed beach retreats in the world. Surrounded by verdant tropical foliage, Jumby Bay Island spans 300 sheltered acres and is home to 4.5 miles of pristine shoreline, with the main resort presiding over some of the most spectacular and fiercely protected beaches in the Caribbean. The exclusive resort offers 28 brand-new and supremely spacious suites, 22 ultra-luxe Private Residences and 14 sprawling Villas; excellent restaurants, à la carte dining and interactive culinary classes and gourmet experiences; a deeply relaxing spa with treatments delivered by expert therapists; and world-renowned facilities to showcase both the beauty of nature and the tradition of elegance that has long graced the private island.

SAVOUR... reimagined island dining, Caribbean cooking classes & rum tastings, endless watersports and a full Kid’s Club for little explorers, with a luxury all-inclusive experience unlike any other

Guests could arrive on Jumby Bay Island with simply their swimsuit in tow, and let every care drift off with the sea breeze. Everything is included here to afford guests the most relaxing stay, from iced refreshments at the drop of a sunhat, to gourmet à la carte dining, varied watersports and sunset cruises, quintessentially Caribbean rum tastings, boundless children’s activities and more. Visitors can opt to learn the secrets behind some of Jumby Bay’s best-loved local delicacies and how to recreate them at home – from conch ceviche and crab cakes with mango salsa to sweet treats like raisin fudge and coconut drops – at weekly cooking classes included within the nightly rate. Carefree dining anywhere on island is à la carte, from the elegant Estate House, considered the top fine dining restaurant in the Caribbean, to casual fare at the Veranda on the seashore; sauntering to 1830 Bar for a traditional rum punch, or sipping Taittinger on the terrace – each night offers a new scene. Fresh sustainable produce is

gathered from right on the island and surrounding seas, with this daily harvest servicing as fertile inspiration for Jumby Bay's Chef de Cuisine, Mathew Liddell, who hails from a three Michelin star pedigree and has a deep-rooted passion for all things local. For the more adventurous spirits, Jumby Bay is an all-inclusive playground for nature lovers and watersport enthusiasts, surrounded by tranquil and warm crystal clear waters. Bicycles are available for guests to explore Jumby Bay at their own pace and discover flashes of magic at every turn, while the expert team at 22 Knots, the Water Sports Centre, are available for instruction, guided snorkel tours and round-the-island boat trips. Snorkel gear is always available for guests, as well as sea kayaks, wind surfers, paddle boards and an array of sail boats. 22 Knots also runs exhilarating sessions for all ages in water skiing, wakeboarding and tubing.

SAVE... the Hawksbill Turtles, custodians of the island, and get under the skin of Jumby Bay's programme to safeguard these majestic creatures and all the other species that call its shores home

Connecting guests with nature is paramount at Jumby Bay. The island is considered a true Eden, with values of protecting the its bright flora and fauna at its core. Jumby Bay and all its assets belong entirely to a passionately committed group of homeowners, who ensure the island remains an intact, peaceful hideaway. As a result, Jumby Bay is home to one of the richest ecologies in the world. Immersing oneself in the natural environment is as simple as enjoying a Nature Walk with one of Jumby's informative gardeners, spotting exotic fruits such as sugar apple and sapodilla, fragrant herbs and local spices along the way, while meeting Jumby's free-roaming ducks, Persian Black-Headed Sheep and the odd tortoise that call the island their home. The tour is concluded by savouring the rich flavours of the fruits and vegetables encountered, washed down with a refreshing drink of coconut water straight from the shell. For younger voyagers, the Jumby Explorers Kids' Club offers a unique opportunity for children to take an active part in the island's conservation efforts. Under the direction of specialist researchers and turtle experts, littler travellers can experience a turtle nesting on Pasture Bay Beach, participate in the release of hatchlings into the sea, and even 'adopt' their own a turtle. The Jumby Bay Hawksbill Turtle Experience is an immersive moment of reconnection with nature through guided tours, excursions and hands-on activities. Guests have the opportunity to learn about the native wildlife population and enjoy its stunning natural surroundings, and to partake in the magical nightly 'turtle watch' to see turtle eggs being laid and hatching; a true once in a lifetime experience. In an effort to preserve and showcase its natural beauty, Jumby Bay remains staunchly devoted to all sustainability efforts, carrying out several initiatives that preserve its environment and indigenous species. This includes a recycling program that has made Jumby Bay the largest recycler of bottles, cans and golf cart batteries on Antigua; efforts to reuse all bi-products of island life; sewage water is purified and stored in a central tank for plant irrigation; and all yard cuttings, including grass, leaves, branches and general foliage are chipped and turned into mulch and compost for landscaping on the island.
