The New Exclusive Fitness and Wellness
Destination in Geneva

INTRODUCING CLUB WOODWARD: THE NEW FITNESS AND WELLNESS DESTINATION IN GENEVA

Spread over more than 1,200 square metres, Club Woodward is Geneva's newest fitness and wellness address. Featuring a Guerlain Spa, the longest private indoor swimming pool in Geneva and a fully equipped fitness room, this ultra-exclusive club offers members unique services for the most discerning of travelers. Access to the private club is reserved for The Woodward's guests and a select number of members.

With its elegant décor, generous spaces and private access, Oetker Collection is thrilled to announce Club Woodward as the new exclusive fitness and wellness address in Geneva. Spread across two floors, the club features a Guerlain Spa by the French luxury beauty brand, a gym equipped with state-of-the-art Technogym machines and a space reserved for weight training.

In addition to housing the longest private indoor swimming pool in Geneva, the wellness center includes a jacuzzi, two steam rooms, two saunas, a snow shower, an ice bucket shower, and two Swedish baths.

PERSONALIZED SUPPORT

As part of their membership, guests are granted priority access to a program of fitness classes and monthly activities. Annual membership includes a fitness test and personal training session with a professional coach, who will create a custom training program tailored to meet the fitness goals of each member.

In addition to a designated private locker, members will enjoy access to the hotel's valet parking.

EXCLUSIVE BENEFITS

Along with a range of welcome gifts, membership includes several generous advantages, from a 60-minute treatment with a Guerlain Beauty Expert to two guest invitations to the Spa, which can be shared with the members' companion of choice.

An afternoon tea for two at Le Jardinier restaurant, located just above the Club, is yet another exceptional experience reserved for members. The restaurant's first European address following successful openings in New York and Miami, Le Jardinier at The Woodward offers fresh, healthy and innovative cuisine, making it ideal for all palates.

After a day spent at Club Woodward, guests can unwind and enjoy tailor-made culinary creations that demonstrate the chef's perfect mastery of French cooking techniques.

GUERLAIN SPA

True to its reputation for unparalleled French luxury, the Guerlain massage method offers precise and fundamental expertise, blending traditional and new techniques alike that are constantly refined and improved.

The Guerlain Spa at The Woodward – the first in Switzerland – features six treatment rooms, including one double room, each decorated in serene tones and adorned with the finest materials, from white onyx sinks to marble Italian showers. The extensive wellness offerings present a broad range of massages and treatments specially created for this most elegant venue. The Facialist Perfection treatment combines Guerlain's expert movements and cutting-edge technology, such as MicroPeel Technology or Leds, to smoothen and rejuvenate the face. Lake Geneva Escape is an invitation to recharge and indulge the senses for a deeply relaxed and re-energized body massage thanks to the aromachological power of the massage oils and the exclusive Guerlain technique connecting body and mind. Glamour in Geneva is a remarkable head-to-toe beauty experience including back massage, bespoke facial, manicure, pedicure and make-up, all orchestrated by two Beauty Experts. This total metamorphosis is an enchanting ritual for face and body.

Specialist treatments tailored for men are also available, including The Woodward Dandy, featuring a relaxing back massage, energizing head massage, bespoke facial, manicure and pedicure for the perfect recipe of self-care.

Members will experience uninterrupted tranquillity upon entering the Spa and can indulge in offerings from the tearoom, where infused waters and other delicious bites from Le Jardinier, crafted to mirror the Guerlain Spa experience, are served. Club Woodward members will also enjoy a 10% discount on the entire selection at the Guerlain boutique, where the House's most iconic and luxurious perfumes, cosmetics and body care products will be available.

Club Woodward Spa membership is available from:

- Individual: CHF 7'500 (approx. \$8,300)
- Couple: CHF 12'000 (approx. \$13,000)
