

## LONDON ENTRY INFORMATION

The flow of travellers between England and the USA and Europe is open according to modalities which vary depending to the health situation of foreign countries and the vaccination status of travellers. The below classification of countries has been defined based on health indicators. The lists of countries are likely to be adapted according to the evolution of the epidemic.

The UK government has announced that people who have been fully vaccinated in the US or EU (currently on the amber travel list) will not need to isolate when coming to England, Scotland and Wales from an amber list country from 2<sup>nd</sup> August 2021. This new ruling applies to all those who have been fully vaccinated with a jab approved by the EU or US, with the final dose at least 14 days before arrival. Vaccines must be approved by the European Medicines Agency, or US Food and Drug Administration.

Travellers will still need to take either a lateral flow or PCR test pre-departure and a PCR test on the second day after they arrive. We are delighted to arrange for a PCR test in your room or suite, please [contact our Concierge](#) to arrange this.

Under-18s will be exempt from isolation, and some will not have to test, depending on their age.

International cruise ships will also be able to depart from England from 2<sup>nd</sup> August 2021.

To return to the US, guests will need to test no more than three days before their US-bound return flight departs and present a negative test result, or documentation of having recovered from Covid-19, to the airline before boarding their flight. This applies to all US citizens and legal permanent residents. Click [here](#) to view further requirements from the CDC.

## GREEN COUNTRIES

England welcomes all travellers coming from a green country presenting a negative result of their PCR test. Before you travel to England you must take a Covid-19 test (children aged 10 and under do not need to take this test), book and pay for a day 2 Covid-19 test to be taken after arrival in England and complete a passenger locator form. On arrival in England you must take a Covid-19 test on or before day 2 after you arrive (children under the age of 4 do not need to take this test). You do not need to quarantine unless this result is positive. If you have also been in or travelled through a country on the red list you must follow the red list rules.

**Green countries (amongst others):** Australia, most countries in the Caribbean, Hong Kong, Israel, Malta, New Zealand, Singapore

## AMBER COUNTRIES

England welcomes all travellers from amber list countries providing the following :

Before travel to England you must take a Covid-19 test in the three days before you travel, book and pay for Covid-19 tests to be taken after arrival in England and complete a passenger locator form. On arrival in England you must quarantine at home or in the place you are staying for 10 days and take a Covid-19 test on or before day 2 and on or after day 8. **Visitors who have been fully vaccinated in the US or many European countries will not need to quarantine or take a day 8 test, but will still need to book and take a day 2 test.** Fully UK vaccinated people and people under the age of 18 also do not need to quarantine or take a day 8 test.

**France :** If you have been in France in the 10 days before you arrive in England, you must follow the standard amber list rules, even if you have been fully UK vaccinated, including the 10 day quarantine and take both a day 2 and day 8 test.

**Amber countries (amongst others):** Belgium, Canada, China, Denmark, France, Germany, Greece, Italy, Japan, Mexico, Netherlands, Norway, Portugal, Russia, Saudi Arabia, Spain, Sweden, Switzerland, USA

## RED COUNTRIES

If you have been in a country or territory on the red list in the last 10 days you will only be allowed to enter the UK if you are a British or Irish National, or you have residence rights in the UK, even if you have been fully vaccinated.

**Red countries (amongst others):** Argentina, Bahrain, Brazil, Egypt, India, Qatar, South Africa, Turkey, United Arab Emirates
