## THE LANESBOROUGH PARADIS

The angels take a share of all spirits during their maturation in wooden barrels. On average, about 2% of the volume is lost in this way each year, and that's why aged spirits become rarer as the years pass by.

At The Lanesborough, our collection of spirits has surely contributed to the angel's happiness, and what is left to taste is kept in specially selected bottles that we like to call our Paradis.

These Cognacs and Armagnacs are amongst the rarest and finest in the world. Their vintages mark some of the most fascinating dates in history, stretching back to the 18th century. It gives us great pleasure to share our knowledge of these excellent vintages with you. Rare spirits are a passion at The Lanesborough and we do hope you enjoy this once in a lifetime experience.

The most sophisticated spirit in the world since 1765.

Hennessy is the world's leading cognac house. A force of unparalleled quality and unique savoir-fair, Hennessy's strength lies in its exceptional know-how which has been passed down through eight generations of Master Blenders, the Filloux family.

Selection, maturity and blending are Hennessy's core expertise to create constantly and consistently the world's finest cognac. The Hennessy reserve is also one of the largest collections of eaux-de-vie in the world, with 380,000 barrels stored in 65 cellars. Some eaux-de-vie date as far back as 1800, allowing Hennessy to craft for the future whilst drawing on exceptional inventory from the past.

## DISCOVERY FLIGHT

£125

### **Hennessy X.O.**

Rich, robust and powerful  
*25ml*

### **Hennessy Paradis**

Round, silky and delicate  
*25ml*

These two wonderful cognacs present the rich versatility of tastes & flavours that the house of Hennessy cognac has to offer. Like a couple dancing, these two sublime cognacs have their own personality, but side by side is when the magic happens.

### *Did You Know?*

The Angels' share is the poetic name for evaporation during the maturation of the cognacs in the barrels, which leads every year to 2-3% loss. After 25 years of maturation, 50% of the initial inventory has been enjoyed by angels. After 50 years, this amounts to a 90% loss.
