Settle in to one of our five treatment suites or enjoy an island-inspired open-air experience, as a gentle sea breeze and the hush of the waves help restore and rejuvenate your body and spirit.

Complete your journey in the spa's steam room or sauna and then reawaken your senses with a cooling dip in the plunge pool at our outdoor relaxation terrace.

The background is a monochromatic green image. The top half is a solid, slightly textured green. The bottom half shows a close-up of a water droplet hitting a surface, creating concentric ripples. The droplet is captured at the moment of impact, with a small sphere of water just above the surface and a vertical column of water falling back into the center of the ripples. The lighting creates highlights on the droplet and the ripples, giving it a three-dimensional appearance.
